

midterm1

A scatter plot showing the relationship between 'sex' (male/female) and 'gpa'. Two regression lines are shown: a green line for males and a blue line for females. A pink dashed ellipse encloses the male data points and the green regression line, labeled 'Error:sex boards'. A red dashed ellipse encloses the female data points and the blue regression line, labeled 'Error:sex class'.

midterm2

A scatter plot showing the relationship between 'sex' (male/female) and 'gpa'. Two regression lines are shown: a blue line for males and a green line for females. The lines are nearly parallel. A dashed red ellipse encloses the data points. The label 'Error' is at the bottom, and 'class' is at the top right.
